Packet Control & Completion Checklist

Purpose: create one permanent, searchable student record. The DJSTA Student Record Number remains assigned to the student for all future courses and renewals. Do not issue a second permanent number to a returning student.

- ☐ Identity verified against government-issued photo identification
- ☐ Student profile and contact information completed
- ☐ Emergency and medical accommodation information completed
- ☐ Eligibility and safety screening reviewed by instructor
- ☐ Range rules and code of conduct signed
- ☐ Liability waiver, assumption of risk, and indemnification signed
- ☐ Firearm and equipment inspection completed
- ☐ Classroom / use-of-force attendance documented
- ☐ Live-fire qualification score recorded
- ☐ Official NJSP S.P. 182 completed only after successful completion
- ☐ Instructor credentials attached or available in master credential file
- ☐ Target image or target identifier retained
- ☐ Completion certificate number assigned
- ☐ Digital record indexed in Student Master Register

Document control note: This packet is an internal DJSTA training record. It is not ATF Form 4473, does not authorize a firearm transfer, and is not a substitute for legal advice, a background check, licensing review, or any government application.
